2017- Auburn Table Rules - Wednesday - 2018

A. BALLS AND RACKING

The Pocket Billiard Table

1. The game is played with one cue ball and 15 numbered object balls.
2. The balls are racked in a triangle at the foot of the table with the 8-ball in the center of the triangle, the first ball of the rack on the footspot, a stripe ball in one corner of the rack and a solid ball in the other corner, as the above illustration shows.
3. The object of the game is to make one group of numbered object balls, either stripes or solids, and then LEGALLY POCKET THE 8-BALL which then wins the game.

B. BREAK SHOT

1. Each set will consist of 5 games - 3 double games then 2 single games. At the start of each set the home team will put money in and break. After that, the losing team, doubles or singles, puts money in and money always breaks. Player order for singles matches is player listed first on the sheet for home and visitors play first singles game. Player listed second play second singles game.
2. The person breaking may ask to have the balls re-racked. If the breaker is not satisfied with the rack someone else on the opposing team may rack. The only time the breaker or someone on the breaking team may rack the balls is if the opposing team agrees. If the opposing team disagrees someone from their team will rack the balls.
3. If the breaker hits the racked balls with the cue ball driving four or more numbered balls to a cushion or pocketing one or more object balls, the game is considered started. If the player fails to make a legal break, it is not a foul; however, the opponent has the option (1) accepting the table in position and shooting, or (2) have the balls reracked and shooting the break himself.
4. When positioning the cue ball for the break shot, the base of the ball must be behind the headstring.

5. Miscues on the break and stopping or deflecting the cue ball prior to hitting the racked balls are considered fouls and loss of turn. The opponent will receive cue ball in hand behind the headstring. Refer to rule #3 if it is not a legal break.
6. It is a foul when the player scratches on a legal break, opponent receives cue ball in hand behind the headstring.
7. The base of the **object** ball in relation to the headstring determines whether or not a ball is playable. The base of the object ball must be outside the headstring (toward the foot of the table) to be playable. This applies when it is ball-in-hand behind the headstring.
8. **8-BALL POCKETED ON BREAK:** In any game, if the opposing player breaks and makes the 8 on the break without scratching or runs the table, the opposing player will have the choice of accepting the loss or putting up \$1.25 and trying to make the 8 on the break without scratching or running table. If the player fails to make the 8 on the break or run the table they lose the game 10-0.
9. Follow score sheet for play order.
10. If the player breaking the racked balls does not make any balls, his opponent then shoots, having an open table.

C. OPEN TABLE

OPEN TABLE CHOICE OF GROUP:

1. The table is always open immediately after the break shot. You must shoot again and legally pocket a ball to determine a group.
2. On an open table, the player can shoot at either group of balls. The first ball can be made by any of the various shots involving the cue ball and an object ball. It can also be used in a combination shot, using a stripe to make a solid or visa versa. The 8-Ball can also be used in any combination to make the first group ball.
3. If a player breaks and makes balls from both groups, and fails to make a ball on the following shot, the table remains open.

D. GAME

CALL BALL AND POCKET, even when table is open except on the break. To legally pocket a ball, a player is required to designate, in advance of each shot, the ball of his group to be pocketed and the pocket into which it will be made. He continues shooting until he fails to legally pocket the designated ball of his group. However, it is the opposing player's responsibility to ask the shooter, before a shot, if the opponent is not sure of the pocket or is unable to hear the pocket called. Failure to call the pocket or failure to pocket the object ball in the designated pocket is a loss of turn. When a player has pocketed all of the balls in his group, he then shoots at the 8-ball.

E. PLAY

1. If a shooter inadvertently pockets his opponents ball, it remains down, however, if the shooter does not legally pocket one of his own, he loses his turn.
2. Each player continues to shoot so long as he legally pockets THE DESIGNATED ball. Should a player fail to pocket his designated group ball, he shall lose his turn.
3. If a player fails to hit or make the 8-ball while shooting at it, the game continues. However, if a player scratches the cue ball while shooting at the 8-ball, he loses the

game, even if the 8-ball remains on the table.

4. Kiss-off and bank shots do not have to be called.
5. In the event the cue ball or an object ball stops on the edge of the pocket and then falls into the pocket because of vibrations, fan or stamping of feet, it shall be replaced on the edge of the pocket as near as possible to its position before interference.
6. Any object balls knocked off the table will be spotted. Knocking any object balls off the table is LOSS OF TURN.

F. AUTOMATIC LOSS OF GAME

1. Pocketing the 8-ball when it is not the legal object ball except on an opening break.
2. Pocketing the 8-ball on the same stroke as the last of his group of balls.
3. Scratching when the 8-ball is his legal object ball.
4. Knocking the 8-ball off the table at any time.
5. Pocketing the 8-ball in a pocket other than the one designated.
6. Fouling while (pocketing) the 8-ball in the designated pocket.

G. LEGAL SHOTS

On all shots, player must strike one of his group balls first and then: (1) pocket the designated group ball, or another object ball, (2) cause the cue ball, or any object ball (any numbered ball 1 thru 15), to contact a rail. Failure to do so is a foul and foul penalty applies. SAFETY - Calling a "safety" acknowledges that your turn will be over after the shot and all requirements of the legal shot will apply.

H. FOULING

Questionable fouls must be called and acknowledged.

The following results in fouls:

1. Failure to make a legal shot as noted above.
2. Shooting the cue ball into pocket or off table.
3. It is a foul when a player scratches on the break, or miscues or deflects the cue ball prior to hitting the racked balls. The incoming player receives (Cue ball in hand behind the headstring).
4. When placing the cue ball in position, any forward stroke motion contacting the cue ball will be a foul, if not a legal shot.
5. Shooting without at least one foot touching the floor.
6. If a ball is frozen on a cushion, (the opposing player must notify the player shooting before the shot) the play must contact the frozen ball and then: (1) pocket the frozen ball, or any other object ball, (2) cause the cue ball to contact a cushion, or (3) drive the frozen ball to another cushion, or (4) cause another object ball to contact a cushion. Failure is a foul.

7. **ACCIDENTALLY** moving or touching any ball is not a foul unless the ball is the cue ball (CUE BALL FOULS ONLY). Only the opponent may replace the ball moved as closely as possible or leave it where it rests. If the shooter replaces the moved ball; it will be considered a foul.
8. Picking up or shooting the cue ball while any balls are still in motion is a foul.
9. With cue ball in hand, touching any object ball with the cue ball is a foul. Also if you have the cue ball in your hand and that hand touches or moves any ball it is a foul.
10. **SLOW PLAY** TIME: Two (2) minutes is the maximum amount of time allowed between shots. Once the balls have stopped rolling time starts. Both captains must be made aware of slow play issues. Before a foul can be called.
